About Bir Tikendrajit University

Bir Tikendrajit University is a new age university driving individual empowerment and social progress through blended learning.

We believe in providing education that cultivates creative understanding, enables diverse, talented, hardworking graduates to pursue disruptive thinking leading to productivity, to enjoy the pleasures of lifelong learning, and to reap the satisfactions of aiding communities around us.

At BTU, we intend to attract and serve students from diverse social, economic and ethnic backgrounds and be sensitive and responsive to those who have been underserved by higher education.

The great philosopher Sri Vivekananda has said that if students cannot reach the door of education, education will reach at the door of the students no matter where they live.

In the long term, Bir Tikendrajit University aims at becoming a global institution through innovative programs linking humanities, arts, social sciences, pure sciences, health sciences, as well as Engg. & Tech. world which will empower our students and faculty to collectively contribute to the country and beyond.

CHANCELLOR'S MESSAGE

On behalf of the Bir Tikendrajit University and my own behalf I express heart felt gratefulness to the Government of the State of Manipur for passing the Act of the Legislature and the ascent of the Hon'ble Governor of Manipur in respect of this University vide Manipur Act No. 9 of 2020.

Shri Bir Tikendrajit was an illustrious king of Manipur and it is a befitting honour to him to establish this University in his name. The State of Manipur is a jewel in the North East of the Country with promising and vibrant young population. This University would open avenues for them in higher education and research in Science and Technology, Information Science, Health Science, Management, Liberal Arts and Humanities with a focus on local ethos for a wider integration with the world of knowledge as needed for the prosperity of the State.

The Swastik Educational Trust in which the trust has been reposed by the Government of the State is committed to establish this University befitting the aspirations of the people of the State. I pray for cooperation and helping hands of all stake holders to establish this University as a landmark in the State.

With best wishes

Prof. B.N. Mishra

VICE CHANCELLOR'S MESSAGE

Welcome to Bir Tikendrajit University! Our vision based on our value system gives us the confidence of growing into a leading educational institution not only in India, but also globally. We draw our inspiration from Bir Tikendrajit the “Lion of Manipur”, after whom the University is named and the people of Manipur. Our dream is to ensure that Manipuri youth and the youth from North East benefit from the intellectual, innovative and inclusive environment of Bir Tikendrajit University. We want to build a body of academic work in various domains that will benefit not only our students & faculty, but also contribute to our country's growth. 2020 is being viewed as a year of crises. It is also a year of opportunities. We are establishing ourselves now as a multi-disciplinary University. While we begin with baby steps, we have a keen eye on the future, bringing in subjects and domains that help our students learn with inquisitive minds and implement with practical ease. Blended education is the mode we will adopt and create platforms for the young professionals wanting to re-skill themselves and for people who want to turn business owners. We sincerely hope Bir Tikendrajit University will be a home away from home for all our students and that everyone associated with us will find that association fruitful & enriching.

With best wishes
Dr. Bodhisatva Acharya

VISION

To become a globally known educational institution responsive to the dynamic world around us by grooming students to pursue lifelong learning, empowering them to meet & exceed challenges through active participation in shaping the future.

MISSION

Our mission is to provide high quality & accessible education through blended learning processes, qualitative & influential research, creative endeavours and scholarly experiences enabling our students to contribute locally and globally to knowledge, innovation and creativity.

VALUES

Respect for Knowledge & Integrity - Respecting expertise and knowledge for its own sake and behaving ethically in all interactions at all levels.

Creativity & Innovation - The core intellectual aim of our University education is to foster creativity & innovation in the students and faculty, calling for a greater integration of knowledge among all domains.

Merit & Inclusiveness - Within the given policy framework of education, all the students, irrespective of descent and prospects, are on a completely equal footing. We are open to everyone and include everyone who shares our quest for knowledge and commitment to pursuing truth, creativity and innovation, and the other virtues of higher education.

Freedom to Ideate – We are a space in which people associated with us are free to pursue all ideas without any discrimination. We are a centre of independent thoughts.

Lifelong Learning & Excellence - Encouraging enthusiastic, independent thinkers and learners striving for personal growth while maintaining high levels of performance leading to the achievement of academic and career goals.

Introduction to Courses

Bachelor of Arts

We know the contemporary globalising world requires more than mere technological progress. Human behaviour, attitudes and values must change if the world is to continue to exist and to manage the challenges of our times creatively. Our main aim is therefore to offer students training in the humanities that prepares them for making a contribution to this new world. Research shows that the best approach is to develop both general and specific skills. The variety of programmes we offer are geared towards helping students to walk along this path.

Eligibility: Pre-University / Higher Secondary /10+2 or equivalent examination from any recognized Board or Council in any discipline.

Subjects Offered: Political Science, History, Economics, Sociology, Psychology, English Literature, Philosophy, Journalism, Home Science, Public Administration, Rural Development.

Bachelor of Commerce

Commerce changes the fate and genius of nations. Our B.Com degree course is designed to give students managerial skills in commerce related disciplines such as marketing, finance, accounting, and business economics among others. The degree is structured to provide competence in business principles and organizational behaviour by focusing on core subjects such as statistics, accounting, law, economics, finance and marketing.

Eligibility: Pre-University / Higher Secondary /10+2 or equivalent examination from any recognized Board or Council in any discipline.

Subjects Offered: Accountancy, Economics, Statistics, Taxation, International & Domestic Finance, Trade & Trade Laws, Business Economics.

Bachelor of Science

Men love to wonder and that is the seed of science. A Bachelor's degree in science opens up many avenues in the field of pure sciences and allied courses. Research, teaching, human resources, professional writing, bio-technology, patents, regulatory affairs, scientific publishing, sales & marketing are some of the career options open to students of science. We also offer certain cross-over courses that will help in students gaining multidisciplinary exposure.

Eligibility: Pre-University / Higher Secondary /10+2 or equivalent examination from any recognized Board or Council in any discipline.

Subjects Offered: Physics, Chemistry, Biology, Zoology, Botany, Geology, Bio-Tech, Healthcare, Computers.

Bachelor of Business Management

Our three year BBM course provides knowledge about the areas covered in the business including organizational behaviour, critical thinking, and analytical skills. The course curriculum is designed for both theory and practical exposure for students with internship opportunities across India.

Eligibility: Pre-University / Higher Secondary /10+2 or equivalent examination from any recognized Board or Council in any discipline.

Subjects Offered: Principles of Management, Business Ethics, Cost Accountancy, Managerial Economics, Business Math, Tax & Audits, Global Economic Environment, Company & Banking Laws, Operations Research.

Bachelor of Computer Application (BCA)

Eligibility: Pre-University / Higher Secondary /10+2 or equivalent examination from any recognized Board or Council in any discipline.

Master of Business Administration

The BTU School of Business offers a two year program for students who want to specialise in Business Administration. Our course prepares youngsters to take up challenging careers in not only in industries, but also as entrepreneurs. We help our students reach out to the vibrant start up community across India which adds to their experience & exposure. The course is designed to help them develop holistically, thus enabling them to handle both professional & personal growth.

Eligibility: Graduate degree from any recognised University. Must have cleared at least one national level entrance exam, to be eligible for group discussion and personal interview in BTU.

Subjects Offered: Sales & Marketing, Operations, Human Resources, Finance & Finance Management, Business Analytics, Business Economics, Digital Marketing, Entrepreneurship, Advertising & Branding, IT Systems, Rural Management.

Blended Learning Concept and Approach

Equal access to education is a critical need, one that is particularly important for those in our underserved communities. This can be quite easily achieved by a blended learning approach if implemented in a systematic manner. Implementing blended learning creates an environment where adaptability is inevitably necessary to succeed—for both teacher and student.

At BTU, our hybrid learning model is flexible & efficient, with an extended reach across all the subjects and courses we offer. The approach uses both formats – instructor led and self -learning.

The present circumstances notwithstanding, the blended learning approach helps us to be inclusive as we connect with more students who want to undergo formal higher education.

In our online certification courses we offer subjects making the news – from new technology and sustainability to cultural diplomacy.

Special Features

- On the basis of academic achievements some of the students will be sent to some of the best Universities of Europe for internship.
- A Program of study consisting of 1st and 2nd year education in this University and 3rd and 4th year in some of the US Universities. This program has been taken up for finalization. If the program is implemented, deserving students will opt for it.
- We will enroll the students in project based program so that students will be more skillful and will become entrepreneur.

Admission Process

Register and apply online at www.birtikendrajituniversity.ac.in.
Due to **Covid 19** we are currently accepting only online forms.
